

Layout Points Application

Applications

- Simply lay out sketched or imported points directly from the map
- Intuitively navigate to selected hanger slit, insert conduit, outlet, etc.
- Auto-select next point from list or the nearest from current location

Benefits

- Optimized in/out, left/right display via split screen and view options
- Color code clearly indicates quality of laid out points
- Integrated tolerance checks increase precision and reduce errors
- Important point info available as code in info panel, e.g. "3/4" insert"
